

# Saflok Quantum Pixel

dormakaba 

**NEW  
FINISHES  
&  
LEVERS**

## Overview

Saflok Quantum Pixel provides an easy-to-use, secure, and flexible solution that is both visually attractive and high-performing. With its electronics concealed within the door, the Quantum Pixel's visible hardware is minimal resulting in a lock design that integrates seamlessly with any hotel decor.

## Mobile Access

The Quantum Pixel is equipped with Bluetooth Low Energy (BLE) Technology, meaning guests can safely use dormakaba Mobile Access Solution with their mobile device to access any door in the hotel equipped with Quantum Pixel.

## Applications

- Ideal for new projects or when doors are being replaced
- Suitable for small to very large scale hotels
- Access control for guest rooms
- Interior door only

## Security Features

- 1" solid deadbolt
- Staff monitoring – RFID keycard audits
- Tracking mortise for door ajar reporting
- Emergency key and electronic override
- Tamper Resistant

## Low Maintenance

- AA alkaline; Batteries last up to 2 years
- Low battery indicator alerts staff
- Lock programming and audit records are not erased during battery replacement
- Service tray for easy battery access

## Access Control Management Software

The Quantum Pixel lock is supported by dormakaba's access management software solution for both guest and staff access. Optionally, choose dormakaba's online access management solution for superior control and monitoring.
