Features and benefits

MAKING LIFE EASY

- Simple access including fingerprint, PIN, card, app or back-up key. More advanced access features, such as face and palm recognition, are available.
- Easy to set up and program using the Schlage Base app, program access codes for temporary or recurring visitors
- Send virtual keys to guests, via text message from the Schlage Base app
- Convenience of passage or auto-locking modes for easy access

FEEL SECURE WITH SCHLAGE

- Built-in alarm technology that is designed to detect any potential security breaches
- The video viewer includes a two-way intercom, allowing homeowners to communicate with visitors before granting lock access.
- Real-time alerts through the Schlage Base app to notify users on lock access activities.
- Audit trail and time stamping allows you to see who has used the lock and when
- Random PIN number function protects your entry code
- With remote access via the Schlage Base app, send access codes to guests or be alerted if your lock has been tampered with
- The low battery notification provides an early warning, ensuring timely battery recharging
